Course Overview

Our three-day BCS Certificate In Business Analysis Practice training course introduces the essential skills of business analysis.

The emphasis throughout is on practical learning, using real-life case studies to introduce key skills including strategic analysis, stakeholder management, business activity modelling, gap analysis and making a business case.

The BCS Certificate In Business Analysis Practice is a key step towards the internationally recognised BCS Diploma In Business Analysis.

Course Learning Outcomes

BCS Membership Offer: If you do not hold a BCS certification and successfully pass the examination for this training course - you will be given one year's complementary BCS Membership. This offer is only valid for your first BCS qualification.

Our BCS Certificate In Business Analysis Practice training course is for those who want to develop or further their skills in the understanding and application of the skills required in pre-project work.

Audience

Our BCS Certificate In Business Analysis Practice training course is suitable for Business Analysts, Business Managers and members of their team, Business Change Managers and Project Managers.

Entry-Level Requirements

While there are no mandatory entry-level requirements, the information within our three-day [BCS Foundation In Business Analysis](#) training course precedes the knowledge level of this certificate.

Candidate Responsibilities

- You need to complete registrations for both BCS and Questionmark.
- You will receive an email inviting you to register on the e-professional portal. Once you have completed this registration, you will be able to see the booking details that your training provider had given to BCS.
- The exam date and time may not reflect what you will book with Questionmark, but we will update this once the exam has taken place so your certificate will have the correct date.
- You will also receive an email with log in details for Questionmark. This will enable you to complete your registration and book your exam. The link for registering is [here](#).
- If you are unable to see an assessment to schedule once you have registered, please contact BCS via customerservice@bcs.uk.
- If you're unable to select a remote proctored time and date, contact support@questionmark.com.

Create Proctor Session

- To select the exam date and time click on 'Schedule'. If you have multiple exams to schedule it is advised that you only schedule the exam you wish to take otherwise you may encounter an error 500 screen.
- If you do encounter this then please clear your browser cache before proceeding.

What's Next

Our three-day [BCS Certificate In Requirements Engineering](#) training course teaches a range of techniques for elicitation, analysis, documentation and managing requirements.

Additional Information

You will have explored the personal qualities, business knowledge and professional techniques required to complete successful business analysis activity.
